

EXECUTIVE DIRECTOR'S REPORT

There is a lot of helpful information for veterans that comes out on a daily basis on the internet. After checking the source I then forward it to our membership by email; I have about one third of our membership's email addresses. Please send me your email address to chapter49@aol.com.

Elsewhere in this newsletter is a flyer about our annual Chapter picnic, please call or send an email letting us know how many are attending. This picnic is a great way for us to get together with old friends and to meet new members.

**If you are not registered with the VA, please do so, even if you have medical coverage from work, Medicare or both.
You can still use the VA; they offer free physicals, free eye glasses and \$8.00 prescriptions delivered to your house.
If you live up County go to Montrose VA with your DD 214 and if you live down County you can use the VA clinic in White Plains or the Bronx VA. To register for the Bronx VA & their Clinic you need to bring your DD 214 to the Bronx VA; Monday through Friday or to my office on the third Thursday of the month. The hours at my office are 11:00 to 3:00.**

Take care of yourself and each other

Dan Griffin
